The LRC finally has a 'permit' to rebuild the covered rifle firing line!

The original covered firing line's picture taken September 2009.

It's been a l-o-n-g struggle: The Leyden Town officials have finally granted the LRC a building permit for a covered structure over the 200 yard rifle range's firing line. Over 10 years have passed in dealing with the various town officials and abutting neighbors who relentlessly resisted the LRC from rebuilding the structure because of whether-or-not it would violate a town zoning ordinance.

As a result of issuing a building permit, we are now planning several work parties that will require many able-bodied LRC members to help reconstruct the firing line structure. The initial date for the structure's work parties will be on **Saturday - April 20, 2019**. (Remember April 20th has also been set for the Club's spring work party for fixing and range clean-up, repair targets, etc.)

Work party tools to bring: Hammers, circular saws, cordless power drills, tape measures, step ladder(s) or a small extension ladder and any else that you feel could be useful. One (or two) portable AC generators would be nice to have available. Lunch will be served at noon for all working LRC members.

NEEDED! We need one or two experienced persons in PROJECT MANAGEMENT to direct the workers and to coordinate the overall efforts of this project in order to ensure the structure will be completed on a timely basis. If you have any prior project management experience, please call Elwin @ (413)773-3548.

2019 LRC Memberships are now overdue. Please mail this year's \$35 dues for ASAP. (If you were a member in 2018, a membership application form is not required to be filled out with your annual dues.) Note: If your email address has changed, PLEASE LET US KNOW ASAP.

All the best and regards from,

-The LRC Officers and Directors

2019 Officers:

President
Eric Goodchild

Vice President
Joe Sipitkowski

Treasurer
Elwin Barton

Recording Secretary
Mary Lou Barton
